## Motors

---

Model	OZsingle, 48 rpm/V
Article no.	
Power (24 V)	M: 4,8 kW, C: 2,7 kW, C <sub>fan</sub> :3,3 kW
Size	18×21×21 cm (mounting included)
Weight	14 kg (mounting included)
Static thrust	100 kp

Model	OZsingle, 55 rpm/V
Article no.	
Power (24 V)	M: 4,8 kW, C: 2,7 kW, C <sub>fan</sub> . (24 V)
Size	18×21×21 cm (mounting included)
Weight	14 kg (mounting included)
Static thrust	100 kp

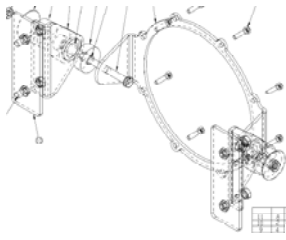

Model	OZtwin, 48 rpm/V
Article no.	
Power (24 V)	M: 9,6 kW, C: 5,7 kW, C <sub>fan</sub> . (24 V)
Size	41×39×21 cm (mounting included)
Weight	32 kg (mounting included)
Static thrust	170 kp

Model	OZtwin, 55 rpm/V
Article no.	
Power (24 V)	M: 9,6 kW, C: 5,7 kW, C <sub>fan</sub> . (24 V)
Size	41×39×21 cm (mounting included)
Weight	32 kg (mounting included)
Static thrust	170 kp

## Motor mountings

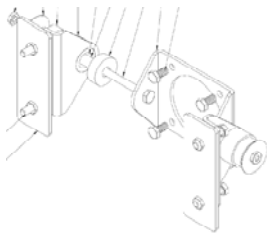

---

Model OZsingle mounting, standard

Article no.

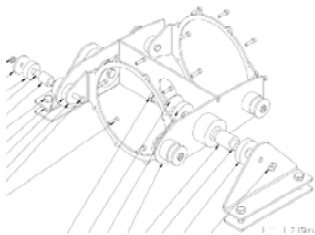

Description

Model OZsingle mounting, slim

Article no.

Description

Model OZtwin mounting

Article no.

Description

## Water resistant housing

---

Model OZsingle housing

Article no.

Description Makes the motor water resistant

## Fans

---

Model OZ motor fan

Article no.

Description Cooling fan for OZ motors

Model	OZ ventilation fan
Article no.	
Description	Fan for ventilation, OZbed etc

Model	OZ fan housing
Article no.	
Description	Housing for OZ fans. Can be used separately or in pairs

### Axle couplings

---

Model	OZ axle coupling, 25/25
Article no.	
Description	Coupling for 25 mm axles

### Axle Sealants

---

Model	OZ axle sealant, complete
Article no.	
Description	No oil or other lubricants are used

Model	OZ axle sealant, house
Article no.	
Description	Only the sealants house and wick

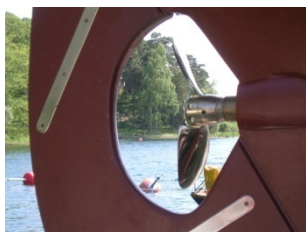

Model	OZ axle sealant, wick
Article no.	
Description	Replacement wick

## Axle pipes

Model	OZ axle pipe, with cornet
Article no.	
Description	Stainless steel and polyurethane

Model	OZ axle pipe, without cornet
Article no.	
Description	Stainless steel

Model	OZ axle pipe, GRP
Article no.	
Description	GRP and Stainless steel

## Axle bearings

Model	OZ axle bearing
Article no.	
Description	Low friction

## Propellers

---

Model	OZ folding propeller
Article no.	
Description	Special made for us by FlexoFold
Size	12" to 17", ask for details

## Sacrificial nodes

---

Model	OZ sacrificial node, standard
Article no.	
Description	Reduces growth of barnacles

Model	OZ sacrificial node, Zink
Article no.	
Description	Node in Zink

## Motor controllers

---

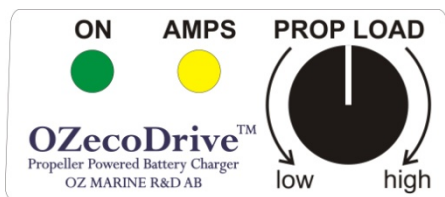

Model	OZquickShift
Article no.	
Technique	Electro mechanics
Speed control	3 steps ahead, 2 steps astern
Motor voltage	24 V or 48 V
System voltage	12 V or 24 V
Regeneration	With OZecoCharge

Model	OZspeedShift
Article no.	
Technique	Power electronics
Speed control	Step less
Motor voltage	24 V or 48 V
System voltage	24 V or 48 V
Regeneration	Only with non folding propeller

## Regeneration

Model	OZecoCharge
Article no.	
Description	Patented technique for regeneration while sailing
Propeller	Works with both folding and a non folding propellers

## Battery connectors

Model	OZ battery connector, M8
Article no.	
Description	For batteries with M8 poles

## Shore systems

Model	OZ Affix small
Article no.	
Description	See Mastervolt – OZ product range

Model	OZ Affix large
Article no.	
Description	See Mastervolt – Range of products

---

Model	OZ Affix small, 48 V
Article no.	
Description	See Mastervolt – Range of products

---

Model	OZ Affix XL
Article no.	
Description	See Mastervolt – Range of products

---

Model	OZ Affix XXL
Article no.	
Description	See Mastervolt – Range of products

## Battery separation

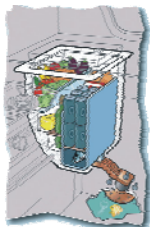

---

Model	OZ battery separator
Article no.	
Description	Keep two batteries separated but charge them with the same battery charger.

## Coolers

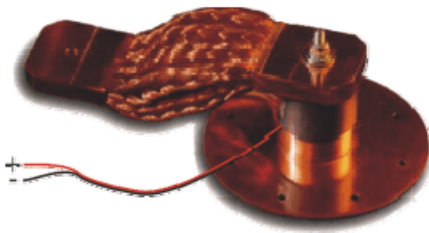

---

Model	OZcooler 85
Article no.	
Description	85 l
Controller	OZcooler Power Control

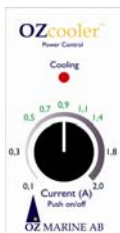

Model	OZcooler 20
Article no.	
Description	20 l
Controller	OZcooler Power Control

Model	OZcooler Kit, standard
Article no.	
Description	Everything you need to produce cool in an existing box
Max volume	Approximately 40 l
Controller	OZcooler Power Control

Model	OZcooler Kit, Florida
Article no.	
Description	Everything you need to produce cool in an existing box
Max volume	Approximately 100 l
Controller	OZcooler Power Control

Model	OZcooler Power Control
Article no.	
Description	Set the current used by the OZcooler.

## Solar panels

---

Model	OZsolar 5/7
Article no.	
Description	Solar panels that should be glued onto a surface that is bent with a radius of 1 m or more
Power	30 W
Size	600×420×3 mm

Model	OZsolar 4/8
Article no.	
Description	Solar panels that should be glued onto a surface that is bent with a radius of 1 m or more
Power	27 W
Size	680×340×3 mm

Model	OZsolar 2/16
Article no.	
Description	Solar panels that should be glued onto a surface that is bent with a radius of 1 m or more
Power	27 W
Size	1320×180×3 mm

## Cork

---

Model	OZcork, deck
Article no.	
Description	Perfect for your boats deck
Size	600×300×8 mm

Model	OZcork, insulation
Article no.	
Description	Perfect for lids to coolers etc
Size	900×600×25 mm

Model	OZcork, waxed
Article no.	
Description	Waxed cork for many purposes
Size	900×600×3 mm

## Mattresses

Model	OZbed
Article no.	
Description	Mattress with active ventilation and heat. Gives you excellent comfort in bed at the same time as it keeps both your bed and boat free from moisture.
